

Highflyers Jump Rope Team Sponsorship Request – 2018

The Highflyers Jump Rope Team is a competitive and performance, youth jump rope team based in Katy, Texas. The team's mission is to promote the sport of jump rope as a fun, heart healthy activity that also promotes teamwork, dedication and responsibility

Established in 2000 the Highflyers is a non-profit 501(c)(3) volunteer organization.

The team is seeking sponsors for 2018 and appreciates your consideration.

The Highflyers, as a member team of USA Jump Rope, can participate in three major competitions. Annually, at USA Jump Rope's regional and national tournaments; and biannually at FISAC-IRSF World Rope Skipping Championship.

The team first competed in 2001. Since then, the Highflyers has consistently achieved medals at all levels of competition. This includes five Grand National titles at the U.S. National Championship. In addition, members of the team have been part of Team USA, and competed at the 2012, 2014 and 2016 World Rope Skipping Championships in the U.S.A, Hong Kong (China) and Sweden, respectively.

Outside of competition, the Highflyers participate in local workshops and camps. The team makes various performances and shows throughout the year. This has included performances for: American Heart Association; Ronald McDonald House; America's Walk for Diabetes; Houston Grand Prix; Final Four Fan Fest; and various schools, churches and other special events. Members of the Highflyers have performed as part of a mass jump rope team in the Dallas Holiday Parade and the Macy's Thanksgiving Parade in New York City.

The importance of education, good sportsmanship, leadership, community service and teamwork are emphasized among all team members. The team is open to all youth in the Katy and the Houston metropolitan area. The current team comprises approximately 20 jumpers ranging from 7 to 14 years old. Team members reside in the Katy, Richmond, Alief and Houston areas and reflect their diverse multi-cultural communities.

As a team sport, it is important that all our jumpers can participate in activities and competitions. Our jumpers contribute towards the cost of team activities (training facilities, uniforms, equipment, transportation, room and board, insurance and incidentals) through team fees, and various fundraising activities. However, we would like to remove some of that burden and provide wider access to the sport of jump rope regardless of financial means.

We understand firsthand the impact of Hurricane Harvey upon Katy and the Houston area. More than 25% of the team were displaced from their homes. Four of our jumper's homes were flooded. As such we truly appreciate your sponsorship and the opportunity you could provide our jumpers.
